

iHasco

Interactive Health & Safety Training
Bracknell, Berkshire

Details

Size: 55 Sq m

Value: £50K

Duration: 5 weeks

The Brief

A market-leading provider of training courses, iHasco commissioned Meridian Interiors for the refurbishment of its' new premises. Meridian Interior's sister company, Meridian Office Furniture, then undertook the office refit, supplying office furniture for 17 workstations.

Project Scope

- Space planning and design
- Project management
- Tea point installation
- New meeting rooms and managers' offices
- Removal services
- Office furniture

Group Companies Involved

- Meridian Interiors Ltd
- Meridian Office Furniture Ltd

Our Solution

The refurbishment of iHasco's new offices was completed in just 5 weeks to tie in with the planned relocation date. The project, including the provision of two new tea points, two meeting rooms and separate managers' offices, equated to a total value of £50K.

Of particular note was the installation of floor-to-ceiling wipeable whiteboards, enhancing the creativity of iHasco's training environment, and enabling clients to – in effect – write on the walls!

Our sister company, Meridian Office Furniture then managed the removal process - outside of office hours - as well as installing new office furniture: comprising 17 new workstations and storage. The office refit equated to a total value of £10K.
